Apex's in building material manufacturing organizations are slowly dominating the present market and aluminium composite panel manufacturers are in rapid domination. 2019, it's when we enrolled in the industry. We want to prove our eminence by introducing a wide range of aluminium composite panel for miscellaneous applications. We want to demonstrate our capability through our product.

On second thoughts, we are prompt in making our mark by our avant-garde excellence in aluminium composite panel production. Moreover, our intent is to be meticulously concentrated to the manufacturing process and hence producing a quality so exemplary that it grants thorough fire protection to the buildings that are enveloped by it.

To achieve an unquestionable output, fidelity in our production unit is our key. Manufacturing our product from zero to the ultimate merchandise we offer only what is splendid. Moreover, our workforce and employees are nurtured to foster teamwork, uplift talent, enhancing leadership capability to warrant righteous products.

PRASO would withdraw from a whole lot but when it comes to quality, criterion and business ethics striding back is contradicted. Our QC department has the prime crew of quality managers indulged in inspecting our products in-house. To ensure that flaw-free products penetrate the market, we stride by rigorous means.

We adhere to eco-friendly reporting standards & ensure necessary compliance. Human activities of development and urbanization constantly manipulates with the ecosystem, our motto is to proceed in such a manner that the ecosystem is not vandalised. On the contrary, we are an esteemed Founding Member of the Indian Green Building Council.

To grow the supplier of choices, delivering premium quality of ACP, and generating value for customers. Swift delivery of product in time and the best in market service is prioritized. After all customer satisfaction is on top in our mandatory list.

Wood

Designed to inspire, Praso ACPs are the epitome of architectural innovation. Whether it's building facades, interior partitions, or artistic installations, our panels redefine spaces with unmatched elegance and functionality.

Aluminium Composite Panel Structure

BLAZE ARMOUR
Fire Retardant ACPs

We have developed Fire Retardant Aluminium Composite Panel which is composed of two skins of aluminium laminated to either side of a mineral-filled thermoplastic core. The Aluminium surfaces are co-b-coated with advanced fluorocarbon PVDF and next-generation fluorocarbon FEVE resin in a variety of finishes and colors.

Technical Specification

APPLICATION - EXTERIOR / INTERIOR

APPLICATION - EXTERIOR / INTERIOR				
PANEL DIMENSIONS				
Standard Size	2440mm x 1220mm	3050mm x 1220mm	3660mm x 1220mm	
GRADES WITH DETAILS				
Series Name	RUBY	DIAMOND	SILVER	ECO EXCEL
Panel Thickness	4mm	4mm / 3mm	3mm	3mm
Top Coating Thickness	25µ±3	25µ±3	15µ±3	15µ±3
LDPE Core	3.0mm	3.5mm / 2.5mm	2.7mm	2.8mm
Bottom Coating Thickness	7µ+1 ServiceCoat	7µ+1 ServiceCoat	7µ+1 ServiceCoat	7µ+1 ServiceCoat
PRODUCT TOLERANCE				
Width	±2.0mm	±2.0mm	±2.0mm	±2.0mm
Length	±4.0mm	±4.0mm	±4.0mm	±4.0mm
Thickness Coil	±0.03mm	±0.03mm	±0.03mm	±0.03mm
Thickness Panel	±0.2mm	±0.2mm	±0.2mm	±0.2mm
Squareness	Maximum 5.0mm	Maximum 5.0mm	Maximum 5.0mm	Maximum 5.0mm
Bow	Max. 0.8% of width and/or length	Max. 0.8% of width and/or length	Max. 0.8% of width and/or length	Max. 0.8% of width and/or length
